- React.js

Soft Skills

- Communication
- Leadership
- Time management
- Teamwork
- Multitasking
- Critical thinking

Interests

- Developing impactful IT solutions
- Programming
- Machine Learning

CAPACITI

I hold a diploma in ICT, specializing in Applications Development from Walter Sisulu University (BCC-Potsdam), and currently work as a Software Development Associate at Capaciti for the remainder of the year. With strong communication, leadership, and multitasking skills, I'm passionate about growth and excellence. I've earned certifications to enhance my full stack development skills and stay aligned with industry trends. While focused on my current role, I'm also exploring IT opportunities to continue growing and contributing meaningfully to the field.

Education
